Sponsored by *Center for Pastoral Effectiveness* with support from *St. Mark's UMC, Lincoln*. The *Center for Pastoral Effectiveness* was created to support pastors and their churches to be as healthy as possible. Through our work we have become intimately aware of the many very painful situations that from time to time occur for clergy and/or their families. Most of the time, it is through no fault of their own. We believe the **Clergy Emergency Fund**, to assist Clergy in special need situations, is one of the most valuable front line resources that everyone in the Annual Conference can work to support. Join us for fun and fellowship! Invite your friends!
