Leading **size** transitions IN HISPANIC MINISTRY

**MAY 1-2
2015**

Learn of best practices to grow and transition congregations through the 65, 125, and 250 growth barriers.

Develop “action steps” throughout the workshop that will help guide your development as a leader and improve your growth systems (numerically, financially and spiritually).

A workshop to equip leaders for Hispanic/Latino ministry with the knowledge, skills and confidence to break through growth barriers and lead congregations as they transition organizationally while taking into account socio-economic, and relational dynamics and realities within the Hispanic/Latino community.
